Ad hoc Committee Proposals on Riennial Summaries of Records Holdings (SF 136)

- 1. Reporting Frequency. Change period from biennial to annual. Provide check boxes to show whether the reported figures are "Actual" based on an inventory or estimated.
- 2. Reporting Period. Provide for submission to GSA by August 1, 1968, and each year thereafter. Agencies may obtain data any time during the year, either on a calendar or fiscal year basis.
- 3. Mon-record Material. Provide check boxes to show whether the reported figures include non-record material. Also require that agencies notify GSA when a change in this reporting method may occur and the quantity of non-record material that has been included or excluded.
 - 4. Records Disposition. Require agencies to report quantity of records destroyed.
 - 5. Records Creation Data. Arrange report form to provide a total figure for records created on the basis of the following formula:
 - a. Agency records on hand at beginning of reporting period.

XXXXX

b. Minus records transferred to PRC's or the National Archives.
